## REPORT OF THE FOREST FIRE WARDEN

Your local organization to prevent and extinguish brush and woods fires is glad to report a good year of forest protection in 1948. In spite of danger conditions nearly equalling at time those of 1947 when great losses were suffered in New Hampshire and New England, fire damage and loss this year have been gratifyingly low.

With the continuing cooperation of all the people, we can hope to have another successful year in 1949. Let us remember that in any year, over 90% of all fires are caused by carelessness and that all of these man-caused fires are preventable.

Today, we have more slash and uncut grassland than for many years in the past. Smokers, campers and tourists who use our outdoors are also more numerous than ever before. We must therefore be ready for fires which might occur but, above all, prevention by everyone is the greatest need.

A few simple precautions taken by every citizen will help, as follows:

- (1) Always get a written permit from the warden before kindling a fire outdoors when the ground is not covered with snow.
- (2) If you smoke, always extinguish matches and tobacco before dropping or throwing them down. In automobiles, always use the ash trays.
- (3) Report fires and smokes to the warden without delay.

The observance of these and other simple rules will go far to insure safety from fire damage and your cooperation in this way is earnestly solicited.

## 1948 FIRE RECORD

Number of Fires	0
Acreage Burned	0
Number of Fire Permits Issued	200

## B. REPORT OF THE SUPERINTENDENT

### 1. Problems and Conditions General to the Union

"It seems almost needless for me to take time and space to impress on you the fact that the greatest crisis to American democracy is the teacher problem, when every paper and magazine is teeming with data confirming this statement." Thus began Frederick T. Johnson's annual report to the several towns in this Union in January, 1920.

For the past two years, my reports have called your attention to a similar situation. This year I am pleased to report that our children and our schools have fared better. Two years ago, twenty new teachers were hired; a year ago, twenty-six, five of whom were additional teachers; and this year, only eleven new teachers were needed, and two of these were additional teachers.

Teachers throughout this Union are receiving salaries equal to the average for the state. Improved housing conditions, cooperative parents, and better school facilities, along with better salaries, have helped to stabilize our faculty situation, thereby improving the continuity of instruction for the students. It is to be hoped that the districts in this Union can continue to hold these gains.

I must remind you, though, that our country faces a tremendous increase in school enrollment in the next five years as a result of our so-called War babies. This increase which will reach a million a year for the next five years will demand more teachers from an already limited supply. While the increased enrollment will not be evident in most of this area, the demand for additional teachers exists in other areas and will be felt here where replacements are necessary. Whether

our children will continue to have well-trained teachers will depend upon our ability to hold the gains which have been made in the past two years.

### **Buildings:**

All of the districts in this Union have continued to recondition present buildings. Three schools have new heating units. Improved lighting has been added in four schools. Running water has been installed in two schools, so that all schools in this Union now have running water and drinking fountains. All buildings now have some rooms which have been re-painted in the past two years. Three buildings have had all rooms and corridors painted. New window shades have been installed in several buildings, and others are on order.

### **School Lunches:**

Hot Lunch programs continue to operate in five of the six districts in this Union. Three districts improved their lunch room facilities during the past year. Paid adult workers are now employed in all of these programs. In two schools, these programs gross over a thousand dollars a month.

The Federal Government pays nine cents toward each meal served, if the  $\frac{1}{2}$  pint of milk is provided.

Several thousand dollars worth of surplus commodities have been received for use in these programs. The distribution and the handling of this material has been no small task. On one occasion, this Union received one hundred twenty-five 100 pound sacks of potatoes. Since September, the participating schools have shared, proportionately, the following: 30 cans of orange juice, 14,500 pounds of potatoes, 18 cases or 450 pounds of apricots, 1,680 cans of applesauce, 214 boxes of dried milk, 204 boxes of honey, 17 cases or 510 pounds of dried prunes, 900 cans tomatoes, 180

5-lb. boxes cheese and 15 cases or 480 pounds of dried raisins. It should be noted that, for schools to share in the surplus commodities, the lunch program must meet certain Federal requirements.

**Instruction:**

All of the worn and out-dated text-books should be replaced by next September. If you have seen any of these new books, you can realize that publishers and authors are giving the children outstanding products today. Committees from all of the schools in the Union have been working on the selection of text-books and subject material.

For two years now, all of the students in grades one through eight, except grade three, have been given standardized tests so that their achievements can be compared with those of other children throughout the nation. Parents have been encouraged to see the results of these tests and to learn where their children stand in comparison with other children in the same grade level.

Your school boards have studied these results also, with a view to evaluating the job being done in the several classes. Committees of teachers already selected plan to meet in the coming months to consider the findings of the testing program, to evaluate the subject matter taught in each grade and to recommend revisions where warranted.

As a preliminary step to setting up a guidance program, files are being purchased for all schools and individual folders on each student are being built up.

All teachers in the Union attended an Art Workshop for three days in December, under the direction

of Dr. Mildred Landis, Director of Art for the State Department of Education of New Hampshire. The workshop has done much to stimulate interest and to develop latent abilities in art.

The previous spring, an afternoon and evening workshop in Physical Education was held in Pittsfield for all of the teachers of the Union. These sessions were under the direction of Miss Grace Felker, Supervisor of Health and Physical Education for the State Department.

Modern devices of instruction, such as moving-picture machines, radios, and victrolas are available in all of our schools. Two school districts have tape recorders and one school has radio reception in every room.

Forty-six percent of the teachers in the Union took extension courses either last summer or during the previous term.

Through teacher visitation, bulletins, and meetings, your teachers are being encouraged to constantly improve their instruction. To further encourage this growth, a professional library has been established for their use.

### **Recommendation:**

This is a crucial year in Education. Both the State and National legislative bodies are in session, both have many bills before them which can benefit our children. As interested citizens, it is our duty to study the many problems and to make known to our duly elected representatives our opinions on these various issues.

Your continued interest and support of the schools is essential to their success.

## 2. The Local Situation

From the many comments of parents and citizens of your community, it is obvious that you are pleased with the fine work being carried on with your children by Mr. Jordan and the other teachers. This success has been possible because of the cooperation which you have given them.

The new stove and refrigerator have helped, materially, your hot lunch program, which is being operated so efficiently this year by Mrs. Horace Patten. The service rendered each day by two adults from your community without pay has made these hot lunches possible at the low cost charged. These ladies are to be commended for their fine spirit. Many of them have no children in the school, which makes their service all the more commendable.

Two more classrooms have been painted and all of the walls in the hallways have been washed. A portion of your heating plant was also reconditioned during the summer vacation.

Your building is kept immaculate by your capable custodian, Mrs. Ruth Smith.

The playroom and Home Economics room still need to be improved with some readjustment of the heating equipment.

To the School Board, parents, interested citizens, teachers and other workers, I should like to take this opportunity to express my appreciation for your cooperation and encouragement.

## PART FIVE

## AUXILIARY ACTIVITIES AND REPORTS

## A. REPORT OF SCHOOL NURSE

January, 1948 — January, 1949

Children examined by nurse	52
Defects found	
Underweight	1
Defective vision	4
Orthopedic	6
Defective teeth	26
Defective Tonsils	3
Skin disease	1

Notices are sent to parents where a defect is found and referred to their family doctor. 28 home visits were made by the school nurse for instruction and partial care of children sent home for various reasons.

All children have had their eyes tested in school and those with defects referred to their parents and doctors. All have been corrected.

At the time of this writing Audiometer tests or hearing tests are being done from the fourth to the eighth grades.

Last year's Personal Hygiene classes were held for the seventh and eighth grade girls. These seemed to be both educational and enjoyable.

A dental survey was held with both Dr. Clow and Dr. Dunham inspecting the teeth of all of the children in the school.

Orthopedic Clinics have been held every two months at the hospital with many corrections made and the children discharged from the clinic.

Clinics attended are as follows:

Orthopedic Clinic	Wolfeboro	February	6 treated
Orthopedic Clinic	Wolfeboro	December	4 treated
Dental Survey	Tuftonboro	April	All children
T. B. Patch Test	Tuftonboro	May	All children
T. B. X-Ray	Wolfeboro	June	3 X-Rayed
(No active T. B. found)			

I would like to thank the School Board, Superintendent of Schools and all of the teachers for their cooperation and help during the past year.

Respectfully submitted,  
 AVIS MacAULAY, R. N.  
 School Nurse

WARRANT, SCHOOL DISTRICT MEETING  
THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School District in the Town of Tuftonboro, N. H., qualified to vote in district affairs:  
You are hereby notified to meet at the Town Hall

in said district on the 8th day of March, 1949 at 2:00 o'clock in the afternoon to act upon the following subjects:

1. To choose a Moderator for the coming year.
2. To choose a Clerk for the ensuing year.
3. To choose a Member of the School Board for the ensuing three years.
4. To choose a Member of the School Board for the ensuing one year.
5. To choose a Treasurer for the ensuing year.
6. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agents of the District.
7. To hear the reports of Agents, Auditors, Committees, of officers heretofore chosen, and pass any vote relating thereto.
8. To choose Agents, Auditors, and Committees in relation to any subject embraced in this Warrant.
9. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state equalization fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town.
10. To transact any other business that may legally come before said meeting.

Given under our hands at said Tuftonboro, N. H.,  
this 18th day of February, 1949.
